

# CONCANNON®

## VINEYARD

To Our Valued Club Members and Winery Guests,

There is no higher priority to our entire Concannon team than the safety of our club members, guests and employees. We are staying on top of information being issued from the Center for Disease Control (CDC), the World Health Organization (WHO), and our local government and health agencies regarding the COVID-19 situation.

According to the most recent information, for the majority of people, the immediate risk of being exposed to the virus that causes COVID-19 is thought to be low. However, our custodial and facilities team at Concannon Vineyard are going the extra step with enhanced cleaning procedures to keep us all safe.

Our wine bars and tables are being wiped down with disinfectant wipes each morning and throughout the day. All door knobs, light switches, sink faucet handles, and any other area that is commonly touched, is being wiped with disinfectant wipes. We are following the latest CDC recommendations for sanitation and all glassware goes through a vigorous sanitation cycle with every wash.

Concannon Vineyard is open daily for business from 11am-4:30pm. We will continue to monitor this developing situation and keep you informed of any changes regarding our events and operations. Please call 925-456-2505 with any questions.

Thank you,

*The Concannon Vineyard Team*
